U.S. SCALE MASTERS CHAMPIONSHIP

This is a special newsletters which will be almost entirely devoted to the event planned for October 12-16 at our field. Projects related to the event are coming together very well. The biggest project of course is to fill the necessary positions with staff. Many of our members have signed up as noted below and some have indicated they would help but do not have an assigned position. If you have indicated you would help but do not have an assignment, call one of the coordinators and see where you can be slotted. Below are listed all the assignments as of the date of this publication. Call one of the coordinators and sign up today. We will also be doing assignments at the club meeting on October 4th. Be sure an make the club meeting as we have lots of door prizes and a bunch of Scale Masters raffle tickets to go as door prizes.

Maybe you can win a P-38.....

Thanks for your help.
